

Low Carbon Apprenticeship

octopusenergy
services

We're on a mission to drive the green energy revolution, globally. Join us as a Low Carbon Apprentice on our 2-year programme to help make our vision a reality.

Here's why you should join the Octoverse:

- Earn a level 3 Low Carbon Heating Technician apprenticeship, coached by industry-leading experts
- Help prep, install and maintain low carbon tech products, like air source heat pumps, for customers
- Work hard, play hard. We don't count your holiday here (within reason of course)
- £25 lunch allowance per week
